

August 19, 2010

Our company has utilized the services of SummerworkUSA for many years and we are completely satisfied with their ability to fulfill our hiring needs with qualified students throughout the year.

The initial contact is several months prior to our staffing needs so we have the time to review resumes and contract the right personnel for our business. The communication is extremely good between our organization and the student with regard to their travel plans, special needs and housing. Due to this process, we are able to pick up the student when they arrive at nearby transportation which reduces their anxiety in traveling to a foreign country. They are thankful for this opportunity and it reflects in their work ethic for the months to come.

Amazing Homes contracts this service year round hiring larger amounts of students during our high seasons.

Without Summerwork's prompt placement service and qualified staff provided to our company, we would not be at our level of business. The program has been extremely successful for us.

We would encourage you to take the necessary steps towards contracting their service over the competition based on our great experience. Again, we have worked with many of the other agencies for student placement, but there is no greater experience than working with SummerworkUSA.

Sincerely,

A handwritten signature in black ink, appearing to read "Debbie Holmes", written over a large, stylized flourish that extends from the left side of the signature.
