Nashville, TN. 37214

Dear Sirs,

I wanted to express my sincere gratitude to you and your company for going above and beyond placing highly qualified employees with Seward Fisheries, A Division of Icicle Seafoods, Inc. Your students arrived with an educated vision of the work we do here. They are dedicated, dependable and have a positive attitude, even after the long hours working on the line.

In addition, I called you regarding several students that had been abandoned by their agent. Even though they were not a part of your companies program, you helped them and responded to us with great news about the Visa status – all within 24 hours. Remarkable!! I work with several agencies and I have not seen this level of dedication devoted to J1 students before. I believe you have the same philosophy in the true mission of the J-1 program which is not only to help American companies find a reliable international temporary work force but to provide these students with an experience that will last a lifetime.

I look forward to working with you in future years.

Kind regards,
